NFAC #0425/80

17 January 1980

MEMORANDUM FOR: Director, National Foreign Assessment Center  
Chairman, National Intelligence Council

FROM : Coordinator for Academic Relations

SUBJECT : University Presidents Visit, 15 February 1980

1. The next university presidents day is scheduled for 15 February. The date has been approved by Admiral Turner. Nine of the people invited have already accepted for that day. They are:

James Cheek	Howard University
William Harvey	Hampton Institute
Jean Mayer	Tufts University
Joseph Pettit	Georgia Institute of Technology
John Ryan	Indiana University
Otis Singletary	University of Kentucky
Robert Sproull	University of Rochester
Dale Stein	Michigan Technological University
John Toll	University of Maryland

2. Those who have accepted are highly articulate, energetic and represent a good cross section of the academic community. The number of participants is the largest we have yet entertained. A total of 18 have attended the four previous sessions.

3. The tentative program is similar to those previously run (see attached). If the DCI and DDCI have to attend the SCC meeting that morning, we would appreciate it if the D/NFAC would act as host. The 9:30-10:15 coffee and danish session could be shortened and the rest of the schedule moved up by 15 to 30 minutes. If this happens, we will hold the first two sessions in the D/NFAC conference room.

STAT

NFAC #0425/80

SUBJECT: University Presidents Visit, 15 February 1980

4. I would suggest the following format for the NFAC briefing:
  - a. Introductory remarks on the structure and function of NFAC by the D/NFAC.
  - b. A briefing on the expanding and changing role of political and economic intelligence by D/OPA.
  - c. A briefing on the changing military balance by NIO/SP.
  - d. Follow-up remarks by C/NIC and D/OER and D/OSR.

These briefings would provide a good well-rounded summary of the types of analysis being conducted in NFAC.
